PROFILE

Passionate Web Developer, proficient in various languages, platforms, and systems. Both front and back-end with a preference for front-end and web design due to my background in photo editing. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

WEB DEVELOPMENT HISTORY

Freelance, Self San Francisco, CA
June 2022 - Present

School & personal projects
Apr 2019 - Aug 2021

During my 2 years of studies at 42 Paris(FR), I worked on several Web projects. It gave me the chance to learn how to work in a team and to experience both front and back-end development. It was also the opportunity to learn multiple web languages and technologies.

EDUCATION

42 Paris Paris, France
Apr 2019 - Aug 2021

In addition to Web Development, I also learned the coding language C, Shell commands, and the basics of IT. I got a lot of practice with algorithms through school projects, such as coding my own C library or coding a program capable of assembling Tetris pieces to form the smallest square possible.
